1.0 OPENING

The program was solely a practical exercise which involved enumerators to be in the field. However, Mr. Saka Adebayo Ibrahim was the central coordinator of the operation while 15 NEMIS officer from FME - Abuja were the Supervisors for Kano, Bauchi, Katsina, Zamfara, and Sokoto State respectively.

2.0 ONE DAY TRAINING ON THE MOBILE APP:

There was a training organized for all enumerators selected from the five States. The supervisors welcomed all participants to the training and gave an overview of the NEMIS App and went further to explain the purpose of the exercise which was to collect Annual School Census and other education data using mobile application. The Pilot Test of this software was carried out in 5 States (Kano, Katsina, Bauchi, Zamfara and Sokoto) simultaneously. The Software at the end will synchronize States EMIS data and Federal Ministry of Education data as well as data from other education generating agencies/parastatals.

The following outlines were the implementation strategy for the exercise:

- develop tool for data collection;

- mapping out the logistics of migrating from Paper Assisted Personnel Interviewing (PAPI) to Computer Assisted Personnel Interviewing (CAPI) in collecting and collation of its data nationwide;
- determine the number of students in each school;
- take note of observed challenges while operating the App;
- enhance knowledge of EMIS Officers on the new online instrument;
- evaluate the capability and flexibility of the new software package;
- build and strengthen the capacity of EMIS officers on the use of the App to collect relevant data; and
- measure the efficiency and functionality of the software.

Some participants made contributions regarding observations noted during the practical session. The supervisors went on to do a demonstration of how the data forms will be filled and the meeting came to an end. Participants from all the states were encourage to prepare for field work the following day.

3.0 MEETING WITH STAKEHOLDERS FROM MoE AND SUBEB OF THE FIVE STATES :

The project supervisors met with the principal actors of the State Ministry of Education and State Universal Basic Education Board. During the meeting the principal officers briefed the stakeholders on the purpose of the exercise and solicited their co-operation to ensure a hitch free pilot test exercise in the States to enhance digital data capturing process in order to ensure timely data collection. The teams were assured of maximum support through out the exercise.

4.0 TECHNICAL SESSION:

The various teams began their work simultaneously without any challenge as the enumerators expressed confidence and high level of expertise based on the training they received. However, the following challenges were experience in the field.

6.0 WAY FORWARD/RECOMMENDATIONS:

Form the foregoing, the following recommendations are noted:

- i. Provision should be made for the State Ministry of Education to mandate all school heads to open a functional e-mail for easy communication and creation of school identity code;
- ii. There should be provision for a school guide from LGEA in order to lead enumerators to schools around their LGA to ensure more coverage;
- iii. UNICEF should support FME-NEMIS to finalize operation on the App for national roll-out; and
- iv. the exercise should be made to commence from Monday to Saturday in order to ensure more coverage.

7.0 APPRAISAL OF THE EXERCISE:

The supervisors from the five State appreciated all those who participated in the pilot test exercise. After successful completion of the exercise, a total of 207 schools were captured spread across the five states as displayed below. In the appraisal of the exercise, the Head of NEMIS expressed confidence at the level of expertise exhibited by the coordinator and the enumerators as the mobile App was user friendly and easy to operate. He also appreciated the level of support provided by the Executive Chairmen, the DPR&S's, the EMIS officers and the staff of FME - NEMIS for their unwavering support and capacity to carry out this initiative. Below is a summary of the exercise.
